

Neil Armstrong, who on July 20, 1969, became the first person to walk on the moon, was born in Wapakoneta, Ohio! And that's where we are traveling today to tour the Armstrong Air & Space museum. Exhibits follow the history of flight from the dreams of science fiction to the reality of space exploration. On view are full-size airplanes, a moon rock and the Gemini VIII capsule in which Neil Armstrong completed the first spacecraft docking in orbit. After our tour, we will travel to Lima and have a meal at an Ohio favorite -Skyline Chili! Lunch is on your own. Travel is by deluxe motor coach.
