A good safety check will include skis, snowboards and boots and poles to ensure that boots are fitted correctly, skis, snowboards and poles are in good condition and that safety bindings are adjusted for proper release. This should be done by a ski shop specialist.

The Mt. Holly Ski School has certified (PSIA) instructors. All students must take a lesson on each trip. Special arrangements will be made to teach the first time students. Lesson fees are included.

Holly or at the last 3 day/2 night ski trip. The membership application form has a place to record your E-Mail address. Don't miss out!
